Ms. Beld,

I am in receipt of the above referenced filing received on July 17, 2009. The cover letter was not dated. The submission is not acceptable for filing in Illinois due to the following issue(s):

- 1. 215 ILCS 5/155.18 states it shall be certified in this filing by an officer of the company and a qualified actuary that the company's rates are based on sound actuarial principles and are not inconsistent with the company's experience. This information is required in every rate/rule filing for medical malpractice.
- 2. Please indicate if your company has a plan for the gathering of statistics or the reporting of statistics to statistical agencies? If yes, what stat agency is being used?
- 3. Do you only write the coverage as an occurrence policy? Are there are any territory factors?

I request receipt of your response by July 27, 2009.

Actuarial Memorandum

I attest these rate are not unfairly discriminatory, and neither excessive nor inadequate. Taking into account prior and potential losses for the state of Illinois, and those outside of Illinois, it is in my opinion that these rates are not inconsistent with the loss experience. Furthermore, the rates are based on sound actuarial principles, and therefore, deemed reasonable.
